

RED HANDED THUG
IS ALLOWED TO GOPROBABLE MURDERER OF EN.
GINEER HOLMES ARRESTED.Postal Clerk Conroy Captured a Man
With a Rifle and Placed Him in
Charge of Conductor Cronin Who
Afterward Released Him—Last of
Dalton's Gang.

Chicago, May 3.—Chicago & Alton officials began yesterday an investigation of the attempted robbery of the Alton express at Carlinville Wednesday night. The crew and mail clerks were summoned to the offices of the company in Chicago and gave their stories. One of the participants in the affair was Mail Clerk John Conroy, and when he told how Conductor Cronin released a man with a rifle and belt full of cartridges whom Conroy captured there was much surprise. The fact that a mail clerk left his car to engage in the fight was also unusual, Conroy in telling of the fight, said:

"When we first heard shots we supposed the noise was caused by the locomotive running over torpedoes. When the train stopped I saw a brakeman running forward. Shortly afterward he ran back and shouted, 'They've killed Frank Holmes.' Then John Logan and I dived into our grips and secured our revolvers. I went forward and was passing in front of the locomotive when I met Logan with a man whom he had captured. I continued around, and as I neared the tender I saw a man with a rifle. He was looking toward the rear of the train. I said nothing until I was within eight feet of him when I ordered him to throw up his hands. He promptly pushed his rifle over his head before turning around. I marched him around to the conductor and then went back to find another man. When I returned the conductor, much to my surprise, had returned the man his rifle and allowed him to go. The fellow said he was hunting. The fellow was a tough-looking citizen. While I went round the engine a second time Logan captured another fellow who was lying bare-headed in the grass. I think he was the man who killed Holmes. He was taken into the car and some one brought the hat that was found on the engine. It was handed to him, with the remark: 'Here's your hat.' He was cautious, however, for he had heard us discuss the whole matter outside the car while he sat at the door. He said he lost his hat up the road. But when the hat was put on his head it was a correct fit."

Carlinville, Ill., May 3.—The developments in the case of the hold-up of the midnight express on the Chicago and Alton just north of this place clearly show the men intended to rob the train. Engineer Frank Holmes and Fireman Frank Tuggles received notice to stop the train when one mile north of here by the ringing of the bell in the cab. Immediately two masked men came forward and ordered them to throw up their hands. One of the robbers jumped into the cab and the other disappeared over the tender. The man in the cab ordered Holmes to "open her wide," and when told that it was done fired a shot through the front of the cab. Holmes picked up a coal pick and struck at the man, who shot him dead. There are five bullet holes in Holmes' body, all in the region of the heart. Four men are under arrest on suspicion, and a posse is after some men who are thought to be the right ones.

Bloomington, Ill., May 3.—Engineer Frank Holmes was reared here, and as man and boy was noted for his spirit of generosity, free heartedness, and absolute lack of fear. It would not be surprising if Carlinville would be invaded by a mob and the scoundrels who murdered the engineer lynched. Willis E. Gray, general superintendent of the Alton, said he discredited the report that the killing was done in a spirit of revenge. He said everything connected with the affair showed it to be an attempt at robbery by men who were novices in the business.

Springfield, Ill., May 3.—Two tramps have been arrested here on suspicion of being implicated in the murder of Engineer Frank Holmes at Carlinville. They will be held. Friends of the murdered engineer and officials of the Alton road will appeal to Gov. Altgeld to have him offer a reward for the capture of the murderers.

LAST OF THE DALTON GANG.

George Newcomb and Charles Pierce
Wiped Out by an Oklahoma Posse.

Guthrie, Ok., May 3.—The Dalton gang of outlaws, the worst banditti that ever cursed Oklahoma and the Indian Territory, has been exterminated. Yesterday at 3 o'clock the mutilated bodies of George Newcomb, alias "Bitter Creek," alias "Slaughter Kid," and Charles Pierce, alias "Cockney Charley," were brought to this city. These men were killed by Deputy Marshal Shaffer and four picked men, who have been on the trail of the outlaws ever since the hold-up of the Rock Island train at Dover, Ok. The killing occurred at the Dunn farm, thirty-five miles east of this city. Tulsa Jack and George Newcomb planned the robbery at Dover. In the chase after the robbers Tulsa Jack was killed, but Newcomb, Pierce, Gyp Wyatt, Henry Sawyer and two others escaped. Wednesday night Shaffer and posse went to the Dunn farm. Newcomb with gun in hand came out of the house, calling to Pierce to follow him with Sallie Mills, the sweetheart of Bill Dalton. As Newcomb spoke a volley of shot was poured into him. A fusillade followed. Although mortally wounded Newcomb crawled to a window through which he repeatedly fired his rifle. A stray ball struck Sallie Mills, dangerously wounding her. In ten minutes more one of the Dunn boys was wounded and Newcomb and Pierce dead. Newcomb had long been the terror of the west. He was in the Ingalls battle in which nine deputies were killed and wounded, led the Sylva (Kas.) train robbery, the Dover (Ok.) Rock Island robbery, the Red

Rock looting, Cimarron (Kas.) Santa Fe robbery, and Marshal Nix has evidence he has looted eighteen banks and post-offices.

Morganfield Must Serve His Sentence.
Richmond, Va., May 3.—The Supreme Court of Appeals has refused a writ of error in the case of the Aquila Creek train robber, who was arrested in Cincinnati and taken to Stafford County, Va., for trial. Morganfield must now go to jail for eighteen years.

DEATH LIST GROWING.

Between Fifteen and Twenty Persons
Killed by Kansas Cyclone.

Newton, Kan., May 3.—Further particulars of Wednesday's cyclone indicate that the death list will probably reach fifteen or twenty. Those known to be dead are:

MRS. A. CHAPIN.
JOSEPH WILE, WIFE AND THREE CHILDREN.WILLIAM ARMSTRONG.
MRS. FRIZZELL.
MISS CORA SNEFF.

There are about as many badly injured. The physicians of surrounding towns have gone to the assistance of the injured.

The course of the storm was almost due north and missed Halstead and Mound Ridge by a few miles only. The family of M. E. Hege escaped by being in the cellar. A \$4,000 residence above them was completely demolished. Cattle are strewn over the prairie for miles, and debris is everywhere. The storm did not raise from the ground and moved with terrible velocity. It demolished ten telegraph poles in crossing the main line of the Santa Fe. The force of the storm broke north of Mound Ridge.

Hundreds of people have turned out from Newton, Halstead and Burrton to assist the injured and to recover the remains of the dead. Several are missing, and a search is being made for their bodies.

CULVER'S BODY FOUND.

Mystery Surrounds the Murder of the
Alleged Heir to Many Millions.

Rochester, N. Y., May 3.—The body of Roy M. Culver has been found in the Clyde river, between Clyde and Savannah. He had been murdered and thrown into the water. Culver recently started from Newark for Syracuse. He did not return when he said he would. Three days later Mr. Ammerman of Newark, his cousin, received a postal-card mailed at Syracuse stating that Culver would return Saturday. In the same mail was received a letter printed in a disguised hand, which said the young man was the rightful heir to a large property at present held by another, and that he had been murdered. The letter was thought to be a hoax at the time, but Mr. Ammerman immediately telegraphed to New York for his brother, Cooper Culver, who arrived, and a search of the murdered man's trunk was made. The searchers found a number of letters concerning Roy Culver's family and the estate, many being from persons well known by the family, but this was the first intimation the family ever had that there was any property coming to them.

Families Fight a Battle.

Trimble, Tenn., May 3.—A fight between members of the Fulgum and Townsend families resulted in the death of a father and son of each family. Young Townsend and young Fulgum engaged in a fight and Fulgum was fined \$50. After the trial the quarrel was renewed, when Fulgum shot Townsend dead. The father of the latter killed Fulgum, and he in turn was shot dead by Fulgum's father. Fulgum senior was then killed by Avery Townsend, who is crippled in one arm.

Thanks from Prince Bismarck.

Berlin, May 3.—Prince Bismarck has written a letter to his favorite organ, the Hamburger Nachrichten, saying that, unable to answer the multitude of congratulations he has received from all parts of Germany, from Germans abroad and from foreigners, particularly from citizens of the United States, he begs his friends to accept his cordial and hearty thanks for their messages of good will upon the occasion of his 80th birthday.

Michigan Solons Adjourn May 31.

Lansing, Mich., May 3.—The length of the present legislative session will exceed that of its immediate predecessor by three days, both houses having agreed that final adjournment shall take place May 31, the 150th day of the session. Both houses have also agreed to the resolution appropriating \$10,000 for a statue of Austin Blair, Michigan's war Governor, which is to grace the Capitol square.

No Poison in Canned Meats.

Washington, May 3.—The Department of Agriculture has received no official confirmation of the report from Paris that seventeen soldiers at Vitry died from eating American canned meat. Dr. Salmon said it did not necessarily follow the meat was diseased. Some chemical change, due to the presence of solder and tin sometimes took place, which produced the poisonous effects.

Sand Lake, Wis., in Ashes.

Grand Rapids, Mich., May 3.—Every business structure except a restaurant and a depot in the village of Sand Lake was destroyed by fire yesterday. Several residences were also burned. The loss is estimated at \$60,000, with less than \$20,000 insurance. The village is on the Grand Rapids and Indiana Railroad and has population of about 750.

For Free Silver.

Danville, Ill., May 3.—The Democratic County Central Committee of Vermilion met yesterday and appointed delegates to the state convention. The delegates were instructed to vote for free coinage of silver at a ratio of 16 to 1, and to accept no other basis of compromise for a solution of the money question.

Italy Sends a Threat to Brazil.

Rio de Janeiro, May 3.—The Italian charge d'affaires has demanded that Brazil reply within seven days to the claims made by Italy for losses sustained by Italian subjects during the last revolution.

JOHN BULL ACCEPTS
SALVADOR'S BONDAN OLD SCORE HAS BEEN
SQUARED UP.Latters Giving Security For Nicaragua
Repays that Country For the Action
At the Time of the Ezeta Incident—
The Indemnity Will Be Paid In
London Within a Fortnight.

Washington, May 3.—The department of state received yesterday a telegram from Ambassador Bayard saying Great Britain has accepted the guarantee made by Salvador of the payment of the indemnity by Nicaragua in London within a fortnight, and so soon as Nicaragua confirms the agreement and so informs the British government Rear Admiral Stephenson will be instructed to evacuate Corinto.

The above official statement is regarded as chronicling the passage of the acute phase of the difficulty between Great Britain and Nicaragua. It is not doubted Nicaragua will promptly confirm the arrangement. The guarantee by Salvador of Nicaragua's indebtedness, it is said, is simply repayment of the favor extended to Salvador by Nicaragua at the time of the Ezeta incident, when Dr. Guzman, the Nicaraguan minister at Washington, took up the case of Salvador and worked hard to secure the extradition of Ezeta to Salvador. In addition to this consideration the Salvadoreans are supposed to be influenced in espousing the Nicaraguan cause by a feeling of apprehension at the presence of British troops on Central American soil.

It is certain all the countries of Central America have been deeply impressed with some such fear. It is felt here that the Nicaraguan incident may, perhaps, be the direct means of realizing the proposed union of Central American republics.

Sir Julian Pauncefote, the British ambassador, expresses satisfaction that the complication is at an end. The ambassador was not officially advised from London, as the foreign office has not been keeping the embassy informed on the varying stages of the affair. From the British point of view it is now conclusively established there has never been a substantial foundation for the reports Great Britain wanted to occupy Nicaragua and secure control of the Nicaraguan canal.

Senator Cullom Is for War.

San Diego, Cal., May 3.—Senator Cullom of Illinois arrived by private car from Los Angeles last night, accompanied by Mrs. Cullom and friends. In an interview on the forcible occupation of Corinto by British forces Senator Cullom said: "There are two things upon which the people of the United States have set their hearts, and they are the enforcement of the Monroe doctrine and the building of the Nicaragua canal. I do not apprehend that England will go to such steps as is prophesied, yet we do not know what her insolent and dictatorial policy may lead her to attempt. One thing is certain, that she must get away from Nicaragua or there will be war between the United States and England."

(a) Expect Nothing from Us.

Tegucigalpa, Honduras, May 3.—A telegram from Managua reports Nicaragua has money enough to pay the indemnity England requires, but not enough to meet the extra expenses of sending a British squadron to collect the bill, if that should be demanded. The government of Honduras has made an earnest appeal to the other Central American states for a defensive alliance, saying it is now known nothing can be expected from the United States.

It May Be Venezuela's Turn Next.

Caracas, Venezuela, May 3.—It is believed here as soon as England is through with Nicaragua it will turn its attention to Venezuela. The trouble with France is more complicated. It is feared it will follow England's example.

Disatisfied with Minister Baker.

New York, May 3.—A dispatch from Washington says it is reported there Minister Baker, of Nicaragua, will be removed by President Cleveland for not attending properly to his duties in Central America.

May Now Make Customs Reprisals.

Berlin, May 3.—The Reichstag yesterday passed the customs tariff amendment bill. The measure includes a paragraph giving the government full powers to impose additional duties as reprisals for the hostile duties of foreign states, but providing that the discriminating duties on goods on the free list shall not exceed 20 per cent ad valorem. The measure raises the duties on perfumes containing alcohol from 200 to 300 marks and imposes a protective duty on Quebracho wood, used for tanning purposes. The new tariffs go into effect July 1.

Will Permit the Search for Lenz.

Constantinople, May 3.—United States Minister Terrell has obtained from the Turkish government instructions for the governor of Erzerum to facilitate the mission of William A. Sachtleben of St. Louis, who has been sent by the American Bicycling association to search for the remains of Frank G. Lenz, the Pittsburgh wheelman, who has been missing for about a year, and who is reported to have been shot dead on the road between Kourtali and Zahar, Armenia, while making a tour of the world.

Italy Sends a Threat to Brazil.

Rio de Janeiro, May 3.—The Italian charge d'affaires has demanded that Brazil reply within seven days to the claims made by Italy for losses sustained by Italian subjects during the last revolution.

This Morning—Police Drive Off
Striking Workmen at St. Louis—
Other Labor Troubles.

Youngstown, O., May 3.—Notices were posted this morning by the Iron Manufacturers' Association, that beginning today wages would be restored to the basis in force before the reduction went into effect.

St. Louis, Mo., May 3.—Six hundred striking brickyard workmen left their temporary headquarters west of Tower Grove Park yesterday, armed with stones and clubs, and marched north towards the yards of the Cote Brillante Press Brick Company. The workmen at these yards refused to strike Wednesday when visited by a committee from the union. A warning was sent to the superintendent of the works by the police, and he barricaded the gate leading to the yards and awaited the mob's appearance. When the mob came up it assaulted the gate but was repulsed and dispersed by the police, the struggle for a short time being highly exciting.

OHIO MINERS IN SECRET SESSION.

The Plan to Aid Pittsburg Strikers Is
Causing Dissension.

Columbus, Ohio, May 3.—The Ohio Miner's association yesterday informed the operators that a joint session of the operators and miners cannot be held until to-day. The miners then went into secret session. They are divided in opinion upon the question of asking the operators to retain 10 cents to go toward the support of certain Pittsburg miners who are striking for terms which would give employment in Ohio, Indiana and Illinois. The operators hold that such retention and use of money would practically amount to illegal conspiracy and cannot be accepted. The situation, therefore, is that unless the miners recede there is prospect of an absolute cessation of mining.

Col. W. P. Rend, of Chicago, who is at Pittsburg, says the strike in that district for 63 cents is lost and that the operators will not pay over 60 cents.

Trouble Feared at Pocahontas.

Pocahontas, Va., May 3.—This town is placarded with notices appealing to the miners here to join the West Virginia strikers. Good order prevails and no requisition has been made for troops by the companies. The Southwest Virginia Improvement company, the largest operators in the fields, are maintaining a position of neutrality and working according to the demands for coal. Great pressure is being used to bring its miners into the strike, and their failure to join is their chief source of conversation in the coal fields. The impression prevails that the miners here will finally join or there will be trouble. No decided outbreak is feared before Monday, but everything is uncertain.

Trimmers Win Another Victory.

Marquette, Mich., May 3.—The trimmers have won another point in the contest with the contractors. Militia appeared yesterday to guard the men who desired to go to work, but when the Andaste arrived just before sunset not a man would desert the strikers. Thereupon the old trimmers were told to go ahead, and passed out on the dock cheered by the spectators.

Cotton Mill Strike Grows Larger.

Providence, R. I., May 3.—Operatives for the Weybosset, Providence and National, Saxon, Mantion, and the greater part of the Riverside mills, about 1,000 in number, have joined the strike, rendering 8,500 operatives idle within less than a mile radius of Olneyville square. This means a loss of \$50,000 a week to the wage-earners.

SECRETARY GRESHAM BETTER.

He Suffers from Neuralgia of the Stomach
and Liver Complications.

Washington, May 3.—Secretary Gresham is reported somewhat better. He is confined to his bed with an attack of acute neuralgia of the stomach, with liver complications, very similar to the attack he experienced about two months ago. Careful nursing and relief from his official duties, it is expected, will restore the secretary to his usual health in a week or ten days. Assistant Secretary Uhl is in charge of affairs at the state department.

Representative Hitt passed a fair day, but he is still critically ill.

More Than Two Did the Murder.

Ashland, Wis., May 3.—The actions of Mrs. Martin Thrush since the murder of her husband have been strange. She was overheard in a conversation with Casper Emmert yesterday, in which she said: "Well, there's one thing certain, I'll not go to state's prison alone." The bloody chisel was brought before the grand jury and it fitted exactly into the wound which caused Thrush's death. Sensational testimony suggests that others besides Mrs. Thrush and Casper Emmert were accessories in the crime. The bullet which was cut from the ceiling of the murdered man's room weighs only forty grains. A bullet shot from the navy revolver thrown near Thrush's body as a blind would weigh over 100 grains.

Made Heavy Losses.

Eau Claire, Wis., May 3.—The arrests of Harry B. McMasters and Charles H. Greene for embezzlement have caused wide comment. Both were considered estimable young men. McMasters was assistant cashier of the Eau Claire National bank and took money to speculate on the Chicago Board of Trade. His shortage is about \$25,000. Greene is the outgoing city treasurer. His shortage is thought to be between \$24,000 and \$30,000.

THE WEDDING A SOCIETY EVENT

Heddles-Coon Nuptials at Edgerton Last
Evening Created Quite a Stir.

Edgerton, May 3.—The social event of the season in Edgerton, occurred last evening when Miss Grace Coon, daughter of Mr. and Mrs. F. W. Coon, and D. Frank Heddles were united in matrimony's holy bonds. The ceremony was performed at the Congregational church at 8 o'clock by the pastor, Dr. J. B. Kaye, Mayor W. S. Heddles of this city, a brother of the groom, and Miss Etta Whititt acting as groomsmen and bridesmaid. Following the ceremony a reception was held at the home of the bride's parents, the guests numbering about one hundred and fifty. The bride is the daughter of Editor and Mrs. F. W. Coon, of the Wisconsin Tobacco Reporter, and is a young lady who is deservedly popular among her associates. The groom is engaged in the lumber trade at Evansville, and stands high among the business men of the village. Among the guests from abroad were Alderman and Mrs. Stuart B. Heddles and son, of Janesville.

WILL NOT ADJOURN.

Illinois Legislators Are Not Willing to
Go Home.

Springfield, Ill., May 3.—One of the most bitter fights of this session was waged in the house yesterday. It was over Senator Evans' joint resolution making the date of final adjournment May 3. The house committee on rules amended the resolution changing the date to May 24. This was satisfactory to Mr. Evans and the leaders of both house and senate; but when the matter came up for consideration there was a howl of discontent from many members and the resolution was recommitted to the committee on rules. Yesterday Chairman Berry of that committee brought in a resolution with the date changed to May 23. This change was promptly voted down by a vote of 56 yeas to 74 nays. A number of members expressed their opinion, saying June 1 would be a good time to consider the matter of adjournment, and June 15 a good time to adjourn. When the committee amendment fixing the date of adjournment at May 23 had been voted down, Mr. Ferns offered an amendment fixing the date at May 24, the time approved by the committee. After considerable debate the motion of Mr. White of Whiteside to postpone consideration of the resolution until next Tuesday then prevailed by a vote of 107 yeas to 5 nays.

Mr. Berry called up the senate bill creating the Northern Illinois Normal School on its second reading. Mr. Aikens of Franklin moved to recommit the bill to the committee on appropriations. A long discussion followed, pending which recess was taken until 2:30 in the afternoon.

A resolution was offered in the senate discharging Frank H. Cooper, who was brought before the bar of the senate on a charge of contempt in refusing to answer questions propounded by the department store investigating committee. The consideration of the resolution was postponed until Tuesday morning. Senator Crawford's elevated railway bill, which was amended and passed by the house, was reported to the senate. The amendments were concurred in. Senator Mahoney's bill, appropriating \$25,000 for the erection of a statue to James Marquette, passed. It was defeated last week, but on motion of Senator Evans the vote was reconsidered and the bill passed. The bill for the erection of a statue to Elijah P. Lovejoy passed. A bill was introduced aimed at Schweinfurth, the false prophet of Rockford. It provides severe penalties for any one assuming the name or prerogatives of the Diety. The senate then adjourned.

The bill was advanced to third reading. To-day little or nothing of interest will be transacted beyond the advancement of the drainage bill to a third reading. The House will then adjourn over until Monday night. By Tuesday or Wednesday of next week some prospect of an adjournment appears.

ANOTHER RISE IN LEATHER.

It Means a Pronounced Advance in the
Cost of Footwear.

New York, May 3.—Another rise in the price of leather was the unwelcome news that went through the shoe trade yesterday. The advance amounted to 15 per cent, which means that \$4.75 will now be charged for shoes that formerly sold for \$3, while the \$4 shoes will now cost \$5.75. The listed advance was from 30 to 33 cents a pound for sole leather which formerly sold for 20 cents. There were similar advances in nearly every kind of leather, and the manufacturers have been given to understand that the top notch has not yet been reached. All the manufacturers now have agents in the west and south soliciting orders for the fall trade, and to all these orders was sent to advance prices 35 per cent. Those that find it impossible to obtain the advanced rates have been ordered to end their tour immediately.

It was said in the leather district here that several factories in this city would surely shut down unless there was a decline in the prices of material.

Not to Admit Canadian Cattle.

Washington, May 3.—Secretary Morton denies that the raising of quarantine against Canadian cattle was contemplated. The importation of Canadian cattle is virtually prohibited by the rigid quarantine regulations which require them to remain in quarantine ninety days. They are also subject to a duty of 20 per cent.

Illinois' Big Delegation.

Cleveland, O., May 3.—Illinois Republicans propose to outshine the delegations from every other state except Ohio at the convention of the National Republican League next month. The state will be represented by 98 delegates and at least 100 other prominent Republicans.

Sheboygan, May 3.—The strike at this place gets more complicated each day. This morning the employees of the Phoenix Chair factory all left their benches and the big plant is idle. Three thousand men formed a procession this morning and paraded the business streets.

Train Wrecker Owns Up.

Baraboo, May 3.—Fred Wisner, who was arrested charged with wrecking a train on the Chicago & Northwestern road, has confessed and will plead guilty. Owing to his youth he may get but a light sentence.

Lightning Did Fatal Work.

Neillsville, May 3.—Mrs. Joseph Sutherland, who lived near this city, was struck by a bolt of lightning during the storm last night. Her husband was severely shocked and may die. Both were stricken in the cellar where they had gone for safety.

At Fort Wayne, Ind.—Fort Wayne, 11; Aurora, 6.

At Lafayette, Ind.—Bloomington, 16; Lafayette, 15.

Statesmen Are Indicted.

St. Paul, Minn., May 3.—A sensation was created in political circles here by the indictment for larceny by the grand jury of Lesueur County of Senator Severson, of Jackson County, and ex-State Treasurer Charles Kittleson, of Minneapolis. The men are indicted as members of the Gilbert Grain Company, of Owatonna, and J. M. Bartlett is president of the company. It is charged that the company, about two years ago, disposed of about fifteen thousand bushels of grain which had been stored in its elevators at Owatonna by Lesueur County farmers, and that the farmers have never received a cent for their grain. The members of the company do not deny that they disposed of the grain, and that the owners were not paid, nor do they give any reasons for their action.

Trouble with the Indians Threatened.

Devils Lake, N. D., May 3.—Marshal Cronan with twelve armed deputies left yesterday for the Turtle mountains. They expect to await the arrival of troops from Fort Buford before making any arrests. Maj. Ralph, the Indian agent at Fort Totten, accompanied the marshal from there and there may be a clash of authority between the two. The Indians claim that the deputies have been tramping up charges against them for years to get the fees and mileage.

Find That the Girl Was Murdered.

Traverse City, Mich., May 3.—Post-mortem on the body of Julia Curtis, who was found dead in the woods Tuesday, explodes the suicide theory. The developments led to the arrest of Wood Parmalee, an old and well-known resident of this place.

Will Go to Washington.

Nashville, Tenn., May 3.—Justice Jackson, of the Supreme Court of the United States, will leave here tomorrow for Washington to sit on the Supreme bench during the rehearing of the income tax case.

STRIKE WILL LAST ALL SUMMER LONG

NEITHER SIDE WILL YIELD
THE CONTESTED POINT.

Employees Say They Will Not Give In
and the Managers Say They Will
Close Up Indefinitely Unless the
Men Withdraw Demands—Mill
Hand's Communication.

The situation at the cotton mills was unchanged today, and there is little likelihood that the plants will run again this season. The management intimates that they will close indefinitely if the demand of the employees is insisted upon, while the hands say that they will stay out all summer before they will return to work at the old scale. The following communication which explains itself, was handed to The Gazette today, with the request that it be published:

EDITOR GAZETTE:—With your kind permission, (in behalf of the employees of the cotton mill) I should like to say a few words in answer to the article "Looms Are Silent," which appeared in last night's Gazette. One of the directors said:

"We have had the matter of wages under consideration some time."

Well probably they have but the help have never received any encouragement in that direction. A committee of spinners were appointed to wait on the superintendent to discuss the wage question but he pooh poohed the idea of increase in wages. In regard to shutting down on account of insufficient water it seems very funny, they have never shut down before at this season of the year for water. As far as the coal is concerned any one walking along River street will see that they have recently got a large supply of coal on hand. This director must be very ignorant of the cotton industries of the east when he states the help have been receiving better wages. In Massachusetts they work fifty-eight hours a week, here we work fifty-nine hours a week and here we are twenty-five per cent. below them in wages. If this director wants proof we are willing to send east for a price list of wages paid in every department of the mill outside of the overseers and loom fixers. There is no one in the mill receiving over \$1.40 per day, while the biggest majority of the help work for thirty, forty-five and seventy-five cents and one dollar per day. How does this director expect us to bring up a faulty on these pauper wages?

It seems very peculiar that the eastern manufacturers are putting goods on the market at a loss and at the same time voluntarily advancing the help's wages ten per cent. The director also says, "There is no money in running at the present state of the market." This director maybe is one of those fellows who live on their losses. It may surprise this director to know that the other departments of the mill— weaving, card room, and spinning room—have been dissatisfied for some time with the wages paid as well as with the "mule" room. We are quite prepared to stay out all summer if necessary. There are several of the work people going away this week and some next—people who have worked here a number of years. In conclusion I may say that we are now more determined than ever to stay out until we get this ten per cent for which we have waited long and patiently. Hoping you will insert this in behalf of the work people, I am yours truly, A COTTON MILL HAND.

MEAT DEALERS MEET AND TALK
The Subject of Sunday Morning Opening Discussed Last Night.

Janesville retail meat dealers are now discussing the question of re-opening their markets for a brief time on Sunday mornings. The agreement for Sunday closing expired May 1, hence the present discussion. The dealers are not unanimous for re-opening on the Sabbath. A meeting was held last evening in the council chamber and an hour or more was spent in discussing the question, without arriving at a conclusion. All the dealers except five were represented. An adjournment was taken until 8:30 this evening, at the same place. It is expected that all the dealers will attend the meeting this evening, and that some understanding will be reached which will meet the approval of all dealers.

It's our object to give the people of Janesville and surrounding country the best shoes for the least money. When we said this we meant it, and we are satisfied that we are doing just that thing today. Never were such shoes made as Banister's Strong & Carroll's and Nettleton's, and never were they sold at such low prices as we are putting on them. This is the one opportunity of a lifetime. Becker & Woodruff.

LaGrippe is here again with all of its old time vigor. One Minute Cough Cure is a reliable remedy. It cures and cures quickly. C. D. Stevens.

BOWER CITY NEWS NOTES.

HAPPY people—Those who are patronizing our most wonderful shoe sale. The Fond du Lac stock would of itself have been a great bonanza for bargain hunters, and when we throw in our entire Janesville stock, making beyond doubt the largest and best stock in southern Wisconsin, and made into it, determined to take out of it \$15,000 within the next three months—selling goods at 50 cents on the dollar—it is enough to keep us crowded with business every hour. You have never had such an opportunity before. Becker & Woodruff.

No disguising the fact that we are doing the shoe business now being done in Janesville and will continue to do it this summer. The prices we are making on the best makes of shoes in the world, are less than any factory will sell them. We bought that Fond du Lac stock at 40 cents on the dollar less than factory price, and are selling the same way. Come in and see, even if you don't wish to buy. Becker & Woodruff.

THESE nice rains will start the grass growing, and you'll want a lawn mower to keep it down. We'll sell you the Lawn Razor lawn mower for \$2.75, the F. N. lawn mower for \$4. High wheels, easy draft, the best. A. H. Sheldon & Co.

We are not talking about plunder. Best shoe making on earth is none too good for us or our patrons. We own our own goods so cheap we can afford to hand them out for about one-half their real value. Becker & Woodruff.

MEN'S and boys' solid serviceable shoes for 85 cents, \$1, and \$1.25, and you can buy our very best qualities in black or tan for \$1.75, \$2, and \$2.50, worth up to \$5. S. D. Grubb.

THE wheels of commerce are moving fast, we have never known such a trade. Its almost impossible to wait on the customers who come here daily. Tomorrow we will have a lot of extra help, and will be able to wait on all, a fact which was impossible last Saturday. Becker & Woodruff.

WE believe in having enough buggies to show when a customer comes. Another carload just on the floor. We have now over 100 buggies on hand ready to show. F. A. Taylor.

MEN'S and boys' cotton sweaters 19 cents, Egyptian wool 50 cents. Fine lamb wool sweaters in maroon, navy and tan \$1.35. S. D. Grubb.

ALL THE CEREALS ARE GOING UP
Local Speculators Keep Close Watch of
The Chicago Markets.

Telegrams have been coming to Janesville lately, at the rate of thirty a day, directed to the leading millers and speculators in wheat. All of this is on account of the advance that has taken place within the last three weeks. Wheat which was quoted but three weeks ago at 52½ cents is now selling freely at 65½. Corn has also advanced six cents during the past ten days and is said to be likely to keep on advancing as speculators are holding it for higher prices. Rye has also showed a tendency to advance from five to six cents above the regular price.

Our Platform.

We have but one end in view and that is to maintain a high standard of quality in our work, and to give our customers honest value for their money. We will therefore continue to combine in the construction of our work, the most carefully selected material and the most skilled workmanship, and will spare neither pains nor money to maintain our reputation and merit your patronage, confidently believing that we shall continue to make all your dealings with us both satisfactory and profitable. Wisconsin Carriage Top Co.

Mrs. Minnie Carlsw, of Evanston, Ill., is visiting her brother, C. S. Swan, the St. Paul baggage man. Miss Williams, of the kindergarten department, will resume her school work Monday. Miss Addie Walker, who has been taking treatment of Dr. Snyder, the Milwaukee oculist, for several weeks, returned to-day.

The Seventh Day Baptist social met at R. W. Brown's Thursday evening. Ice cream was an attraction. Dr. Leonard of Whitewater, was here last week in consultation with Dr. Crandall. D. J. McLay, of Rock Prairie, was a recent visitor. Rev. George W. Chamber, wife and children, are now residents, having moved into the parsonage. The Milton postoffice sold a thousand dollars' worth of money orders last month. J. C. Goodrich began delivering ice for the season Wednesday.

D. E. Brown sold his '93 crop of tobacco to Partridge recently at 8 and 5 cents. The shrinkage was about one hundred pounds to the case. Mrs. Will Davis of Janesville, was in the village Thursday. J. M. Millard has put in a new brick walk in front of his premises. Miss Mamie McBride, daughter of Mr. and Mrs. W. P. McBride and a pupil in the graded school of this village, was one of the seventy-one prize winners the Chicago Record's prize story, "The Retford Folk." W. W. Clarke is the local agent for the Record.

MILTON JUNCTION TOWN TALK.
New Shoe Store To Open—Entertainment a Success—Other News.

MILTON JUNCTION, May 3—Elder Burdick got a May basket Wednesday night, containing a five-pound chicken all dressed and ready for eating. The young folks were very active when on their May basket expeditions. House cleaning has been occupying the attention of housekeepers these days. John Maxson, Mr. Vanbleck and Mr. Blacklaw now occupy rooms at E. D. Coon's. Miss Lucina Gilbert has been visiting her sister at Utica. Mrs. Ranolph's son accompanied her home this week. William Sowle and family spent Sunday at Waukesha. The children's rendering of "The Frog Pond Lyceum" at the Seventh Day Baptist social Saturday night brought down the home. Prof. Crandall gave a violin solo which was artistically rendered and the solo by Ella Frink was very much enjoyed. These socials are largely attended and very entertaining. Everybody is invited to attend them. A new shoe store is being opened in the I. O. G. T. block and it is said that M. H. Ford of Edgerton is to put in a stock of shoes in one of the buildings on Merchant's Row. Rev. Pease delivered the last lecture in the course Monday night entitled "From Romance to Reality." The M. E. ladies have cleared a handsome sum from their lecture course. Mrs. Dr. Oviatt has sold her property at Clintonville, this state and will build or buy a home here. It is said that Stewart Chambers has bought Mrs. Ward's place on Vernal avenue but will not build this season. Mr. Magoon is building an addition to the home occupied by Mr. Johnson on Madison street. Mrs. McClafferty and children are home again after a siege of the measles while at Rock River.

Mrs. P. H. Cole is entertaining her father and mother from Iowa. Mrs. Albert Maxson has been having a tussle with the measles. Mr. Maxson's mother and father of Walworth, are visiting them. Mr. and Mrs. Sevey have moved into rooms on Second street. Mr. Sevey will leave soon for Battle Creek, Michigan. Mr. and Mrs. Owen Hughes welcomed a little girl to their home Tuesday night. Mr. Maxson has secured a new baker from Chicago. Mrs. I. B. Clarke and Mrs. E. D. Coon attended the funeral of Mrs. Gray, at North Johnston.

Mr. and Mrs. Will gates spent Sunday at Clinton. Ed. Nichols has an aunt from Edgerton visiting him for a few days. Mrs. Alfred Henderson visited relatives here Monday. Several of our people attended the Heddles-Coon wedding at Edgerton Thursday.

Mr. Blakely of Janesville, called on Professor Borden Tuesday. W. B. West and wife spent Saturday with their son, Professor A. B. West at Lake Mills. They report a new grandson at that place. Addie Crandall is on the gain after a long and painful illness. Fay Coon and H. Burdick attended the Y. P. S. C. E. convention at Whitewater Saturday, as did Addie Miner from the Junior society.

THE WEATHER DURING APRIL
The Mean Temperature 4 Degrees Above
the Average.

The weather bureau has prepared figures on the rather unusual conditions which prevailed during the month of April. The mean temperature was forty-six, four degrees above the average. The highest temperature reached was on the 24th, when it was seventy-seven, within five degrees of the warmest April day, ever experienced. The lowest temperature prevailed on the 21st, twenty-nine degrees.

Altogether this year there has been a deficiency in temperature of 292 degrees, or an average of two degrees colder a day than the average. The total precipitation (rain or melted snow) during the month was but 1.48 inches, against an average of 2.92. There is a total deficiency in precipitation since January 1, of 4.18 inches. There were nine clear days (two more than the average), eleven partly cloudy days and ten cloudy days.

REV. MR. HAPPELL ADVISED TO GO
Dr. Hodge Helped Settle the Trouble Of
the Baraboo Minister.

Dr. M. G. Hodge was one of the ministers of the Baptist advisory board that heard the trouble existing between Rev. H. Happell and his Baraboo congregation.

The council reported that while the resignation of the Rev. Happell was timely, owing to the opposition of certain members to his continuance in the pastorate, the securing of the resignation by private petition and without the official sanction of the church was unwise and not according to the best usages in the Baptist churches. They expressed their confidence in the character and fidelity of the Rev. H. Happell as a minister, but in view of existing facts advised that Rev. Happell leave the Baraboo field at the earliest possible date.

COUNTY TO TREAT DRUNKARDS
New Law Passed by the Legislature in
Regard to Habitual Inebriates.

The new law in regard to the county paying for treatment of inebriates, says that when any citizen of the state becomes an habitual drunkard and is peculiarly unable to procure and pay for treatment for such disease, any citizen of the state, the next friend, the attending physician or any public officer may petition the county judge for an order of said court permitting said habitual drunkard to take treatment at some institution for the cure of drunkenness at the expense of the county, as the county judge may select.

HONOR THE HEROES ON MEMORIAL DAY

THE PUBLIC MEETING HELD
LAST EVENING.

Mayor Baines Appoints a Committee
To Work With the Grand Army
of the Republic in Perfecting Arrangements—Cyclers May Be In Line—
Services at the Baptist Church.

JANESVILLE will mark Memorial Day with ceremonies appropriate to that patriotic anniversary this year. It is only once a year that the people who enjoy the benefits that follow the privation and suffering of the nation's heroes can join with their fellow men in marking the anniversary and on that day all good citizens are glad to join in bestowing homage where homage is due, and in paying the only tribute possible to those whose life went out in the defense of the union. Plans for this patriotic observance were made at a public meeting held at the council chamber last evening. Mayor F. S. Baines presided, the meeting being called for the purpose of naming a committee of citizens to act in conjunction with the committee of the Grand Army of the Republic in arranging general details. After considering the matter in all details, Mayor Baines appointed the following committee of citizens:

Ex-Mayor John Thoroughgood, chairman.
First ward—John M. Nelson.
Third ward—F. S. Winslow.
Fourth ward—C. C. McLean.
Fifth ward—John F. Sweeney.

The committee appointed by W. H. Sargent Post No. 20, G. A. R., is composed of the following veterans: S. C. Burnham, C. D. Child, E. O. Kimberly, C. J. Schottel, and Charles Viney. On Sunday, May 26, memorial services will be held in the Baptist church, Rev. Dr. M. G. Hodge conducting the same. W. H. Sargent Post No. 20, G. A. R., will attend this service in a body.

It is suggested that the Y. M. C. A., and the Arrow Cycling clubs be requested to turn out in a body with their wheels, and take part in the procession on Memorial day. It is expected that the joint committee of arrangements will now get together and arrange all details for a proper observance of the day.

Ex-Mayor Thoroughgood was seen this morning and remarked to a Gazette reporter: "You may say that I will consult with Mr. Burnham, the chairman of the committee appointed by the Grand Army post, and arrange for a meeting of both committees at once. I heartily endorse such a movement, and intend to do all I can to make the Memorial day observance a credit to the city."

MAIL ROUTE MUST BE CHANGED
Accommodation Car Must Go Further or
Be Taken Off Altogether.

The postal service officials have been discussing the matter of the mail route, which starts here mornings on the accommodation. The car, which has for some time past gone as far as Harvard, has lately been sent on to this city, but the officials at Washington claim that the distance is short, being but ninety-one miles, that it will either have to be extended or taken off. The scheme now is to extend it as far as Elroy, where it will connect with through trains on the Omaha road, bound for St. Paul, Duluth and all cities north and west.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity is \$500 and It is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.

Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Cut the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

Of Janesville, Wis.

A Hop, Skip and Jump.

An athletic caper of this sort would scarcely be considered indecorous in one, even of mature age and sedate habits, impelled thereto by excess of joy on recovering his digestion through the instrumentality of Hostetter's Stomach Bitters, foremost among remedies for dyspepsia, biliousness and constipation, a trio of evils usually found in conjunction with each other. As the stomach recovers its tone, and the gastric juices are secreted in healthful plenty through the agency of this superb restorative, nerve tranquility, appetite and sleep return, the body gains in substance and the muscles in vigor. For the prevention and cure of malarious, rheumatic and kidney trouble the Bitters is a most direct and thoroughgoing medicinal agent. Its effects are speedily felt and comprehensive.

THE JANESVILLE GAZETTE

THE OFFICIAL CITY PAPER.

Entered at the postoffice at Janesville, Wis., as second-class matter.

THE COTTON MILL STRIKE.

The Gazette published yesterday a statement covering the labor disturbance at the cotton mills, quoting substantially the directors' side of the question. In another part of today's issue will be found a communication from an employe, representing the labor side of the movement. The Gazette does not care to enter into a discussion of the question any further than to say that it is a matter of general regret throughout the city that some amicable adjustment of differences could not be effected. Strikes at the best are cruel and unprofitable, and almost invariably result in disappointment and suffering. This year of all others, is testing the American cotton industry, and while business generally is slowly improving, yet the fact remains that foreign competition was never so aggressive or so successful. England has been able to buy our cotton, and with cheap labor convert it into goods at a profit. As a result, our import trade on cotton goods has more than doubled in the past four months. In spite of this ruinous competition, American mills, with improved machinery and rigid economy, are able to do some business, and the disposition has been to pay as good wages as it was possible to do, and run at all. The Janesville plant is outside of the manufacturing district, and like all isolated industries, works to some disadvantage. The base of supplies is not so accessible, and the market is farther removed. The industry is a blessing to the city and that some arrangement can be made so that it will continue to do business, is sincerely hoped by all citizens.

The child that planted a tree today, may live to see it grow and develop. If not, the tree may live for generations, and in years to come it will serve as a living memento of a thoughtful deed. Arbor day is significant. It suggests many things that inspire child life to better acts and more lofty inspirations. The shrub selected, like the seed thought, must be perfect; the care bestowed, like the discipline in early life, must be watchful and constant; the development, like the growth of character must be encouraged and stimulated. The result, like the rounding out of every true life will bring satisfaction and happiness. Observance of the day should be encouraged.

The report is current in Washington, that Secretary Gresham is to resign from the cabinet, to accept the presidency of the Pullman Car Company, and if Secretary Carlisle would join him in the enterprise it would be a blessing to the country.

THE TOWN TALK OF A DAY.

Now that we have gone into the buggy business, we want all those desiring a good first class buggy to call and see our line. We will endeavor to save you some money, as we bought these buggies same as we buy everything, away down. Lowell Hardware Company.

Our object is to sell the best for the least money; that we are doing it can only be demonstrated by the large number of people who visit us daily and buy those jackets at 39 cents; spring wraps \$1 up, and fine lace curtains. T. P. Burns.

We occupy just half the 8th page of this issue, enumerating bargains. The goods will be on sale tomorrow, and there are some hot ones. Of course the best will go first, so better come early before the selection is broken. Bort Bailey & Co.

Every buggy we turn out is made from the very best material and by the best workmen. We personally superintend every vehicle and can safely guarantee to be the best. Our Albemarle Stanhope has no equal. Wisconsin Carriage Top Co.

Just the kind of weather for those satines you see in our front window. They are regular French goods, and sell regularly at 25 cents a yard; but just to make a little run will let them go at 14 cents a yard. Bort, Bailey & Company.

We warrant all the buggies we sell. We did not buy a stock until we could get hold of a buggy that we could safely recommend. Now we have it—The Staver & Abbott, Chicago, Lowell Hardware Co.

After they are all gone you'll be sorry. We mean those 39 cent jackets and \$1 spring wraps. Don't know as we can get any more either. We struck a snap and you are the ones being benefitted. T. P. Burns.

Our \$1.95 shoes for ladies and gents are going fast. No wonder. Others ask \$3 for the same kind. If you want to be in it come tomorrow as the sale will end. The Bee Hive.

The Wauwassu Athletic association nine and the High school team played a five inning game this morning, which was won by the "W. A. A." club. The score was thirteen to twelve.

Did you ever see any finer buggies than those represented by us today in our large advertisement? Study them: then come and see in reality. Lowell Hardware Co.

No other store in the town can show as many silk and lace caps and bonnets for children as we do. We have them from 10 cents to \$1. The Bee Hive.

THE Forest Park home of Mr. and Mrs. H. S. Gilkey was brightened this morning by the arrival of a ten pound girl.

LOUDON Bros. have leased the property on which their shoe shop stands for another term of years and will be glad to see all their new customers. Custom work of all kinds cheap on short notice.

OXFORD ties black and tan, the \$1.50 kind for 95 cents. New goods and the latest toe. The Bee Hive.

H. F. FORT's regular special Saturday sale takes place tomorrow, every thing away down.

MISSISS tan shoes, button or lace \$1 a pair, solid leather. The Bee Hive.

BOYS' and girls' yachting caps, all colors, 18 cents cash. The Bee Hive.

CHILD'S tan shoes, 5 to 8 at 69 cents a pair at The Bee Hive.

Another Department.

We have been a trifle late in getting our buggies here, and in fact some people doubted it, but we said nothing and simply waited until we could find a buggy, carriage or road cart we could safely recommend and we feel satisfied that today we have it. The Staver & Abbott buggy of Chicago, has the reputation of being the finest line of buggies ever taken out of a shop. We sell and full warrant. They can now be seen on S. River street, in the old Holloway & Johnson place. Lowell Hardware Co.

'Twill Be Fair and Warmer Now.

Forecast: Fair and warmer tonight, and Saturday fair.

The temperature as recorded by S. C. Burnham & Co. during the last twenty-four hours was as follows:
7 a. m. . . . 55 above
1 p. m. . . . 84 above
Max. . . . 86 above
Min. . . . 50 above
Wind south.

Sell Themselves.

It's not hard to sell shoes in our store, when a person is getting \$1 worth of shoes for 60 cents, it don't take them long to find it out, one tells the other and the result is we have all we can do all the time. Becker & Woodruff.

Stood the Test 14 Years.

James H. Compton, Rockford, Ill., writes: "I have handled your carriages in this city for 14 years, selling from 10 to 75 each season. Your work has given me the very best satisfaction, both in style and quality." This is the kind of letters the Henney people get, and we handle their buggies. F. A. Taylor.

Strawberries and Pineapples.

Grubb Bros. will sell full quarts of fine strawberries at 18 cents and the finest large pineapples at 18 cents each.

Praised on All Sides.

A. H. Johnson, Menomonee, Wis., writes: "I have sold over four carloads of Henney buggies, and my customers speak in the highest terms of them. For workmanship, finish and style they are unequalled."

These who have used the Henney buggy cannot say too much for them. We sell them. F. A. Taylor.

Thanks to Our Friends.

We, the undersigned, wish to return thanks to our friends and relatives who so ably assisted us during our late bereavement.

MR. AND MRS. E. J. BENNETT.

BROWN BROS & LINCOLN

April showers and the flowers mark the coming of her sway,
For with rubbing and with scrubbing, she's the reigning queen of May.

But to get right down to the facts in the case, we won't feel so funny if we don't sell the balance of that North Stock by the 4th of July. We have a host of it left.

While we rejoice in the Grand Spring time. We want to sell shoes just the same. We are going to make it interesting and profitable for you to trade with us. We've no old side sale, no prehistoric specimens, no before de war product to sell you. We leave somebody else to sell this kind of stuff. Every day will be Sunday bye and bye but every day will be a bargain day now with us. Saturdays a special session will be held.

Watch us, we will save you money.

BROWN BROS. & LINCOLN.

ALEXANDER GRAHAM IS LAID TO REST

FUNERAL WAS LARGELY ATTENDED THIS AFTERNOON.

Rev. S. P. Wilder Conducted the Funeral Services Assisted By Rev. Dr. M. G. Hodge and Judge John R. Bennett, and Many Friends and Old Settlers Paid the Last Tribute.

The remains of Hon. Alexander Graham were buried in Oak Hill this afternoon, the funeral services being held in the Congregational church at 2:30 o'clock. There was large attendance, many of the old settlers of the city being present. The services were conducted by Rev. S. P. Wilder, assisted by Rev. Dr. M. G. Hodge of the Baptist church, and Judge John R. Bennett, the latter taking part at the request of the deceased. The song service was rendered by Mrs. C. E. Mosley, Mrs. Christine Hawley, Mrs. F. F. Lewis, C. N. Vankirk, and Dr. O. G. Bennett. The honorary bearers were Judge John R. Bennett, Judge John W. Sale, John C. Jenkins, F. S. Eldred, A. P. Lovejoy, George L. Carrington, Alexander Galbraith and F. S. Lawrence while the active bearers E. P. Wixom, J. R. Botsford, W. T. Vankirk, W. R. Proudfoot, E. D. McGowan and C. C. Bennett. A large procession of carriages filled with friends of the deceased accompanied the funeral party to the grave, and witnessed the burial service.

This evening at the lecture room of the Court Street M. E. church a social programme of more than ordinary interest will be presented by the young ladies in charge. William Garbutt will sing, the Arion orchestra will play, Prof. W. H. Goodall will read, and the "Songs of Sevon" will be given with tableaux and calcium light effects. As the admission is but ten cents, the attendance should be large.

The topic "Should the government, general, state and municipal, own, operate and control all business in their nature monopolistic and effecting generally the whole public in their operation?" will be discussed, by the Fortnightly club at the home of Mr. and Mrs. W. H. Greenman, this evening.

PANIC WAS AVERTED BY COOL TEACHERS

SCHOLARS SANG WHILE THE STORM HOWLED.

Although Miss Comstock, Whose Room Faced the Storm, Heard the Crash When the High School Belfry Was Ripped Off, She Kept Her Eighty Pupils Quiet.

The coolness of Miss Emma Comstock, one of the teachers at the high school, arrested a panic and the accompanying loss of life yesterday afternoon.

Miss Comstock had charge of one of the primary rooms and the school room windows faced the storm. Miss Comstock noticed the big drops pattering against the glass, with apprehension, for outside trees began to sway and the windows rattled ominously.

Then the storm broke; the hailstones and wind tried the strength of the panes; and a crash echoed through the building as the belfry was ripped from the roof and Miss Comstock arose.

"Children we will sing: 'Hear the Rain Drop, Drop, Drops, Drop,'" she said.

The eighty little pupils stood up and soon their voices swelled into a volume of sound that drowned the howling storm. Unmindful of the battle of the elements the little ones sang, and only the teacher noticed what was going on out of doors.

With each succeeding blast Miss Comstock motioned them to sing louder, and when the sun came out half an hour later and the danger was all passed, the children did not know why they were called upon to sing in the middle of the afternoon.

The storm yesterday was one well calculated to create a panic in a school building like the Jefferson, where so many pupils of all ages are congregated. The heavy storm of wind, rain and hail burst forth upon the city with so little warning that it was an occasion well calculated to create a general commotion, even among older folk, let alone the youngsters.

While Miss Comstock's room received the major portion of the force of the storm, there was much excitement in other departments and teachers in a number of the other grades, also exhibited remarkable coolness. In one room the little ones were almost panic stricken when the storm struck the building, but their attention was suddenly diverted by the command of the teacher, who started them to singing a familiar school song.

As another result of the storm, the bell on the old building will ring no more. Its brazen tones were hushed when the wind overturned the belfry, and sent the bell bowling along the roof until it struck one of the chimneys. The bell was broken and will have to be recast before it will sound again.

The accident that befell the little daughter of W. J. Kildow, occurred after the storm had passed, and was wholly accidental. Janitor Hill was clearing away the debris at the doorway. The little girl was in a hurry to get out, and ran in front of a brick, striking her on the head. Her injury were not all serious.

TWO CHILDREN NARROWLY ESCAPE Ran in Front of a Train When the Gates Were Down.

Alice Stamper, a colored girl, aged ten years, and Mamie Griffin, aged five years, had a very narrow escape from being killed by the cars this afternoon. The Northwestern switch engine, in charge of Engineer Hayward, had just crossed a switch with a long string of cars, and received the signal to back up when the two little girls ran under the gate and tried to cross the track. The little Griffin girl's dress was brushed aside by a box car, so close did she come to being run over.

TALK GOOD ROADS TO WHEELMEN Local Men Asked To Contribute to the State Association.

Local wheelmen this morning received letters from the Good Roads Improvement Committee of the L. A. W., from Milwaukee, asking for a small contribution for the good of the cause. The Bureau of Road Inquiry at Washington reports that there is as much interest in road improvement in Wisconsin as there is in any three other states combined. Governor Upham and ex-Governors Hoard, Peck and Fairchild are writing articles on the good roads question for publication, that will probably help the cause along.

Hot After Albany Robbers. Forty Farmers Surround a Piece of Woods in Hopes of Getting Them.

Albany was all torn up today over the burglarizing of a store at that place by thieves, who secured \$500 worth of dress goods, jewelry and boots and shoes.

When the St. Paul train came through the village this morning, forty farmers and citizens had surrounded a patch of timber in which suspects were supposed to be in camp. One of the thieves was described as a tall, slim man, while the other's distinguishing feature was his red hair. After looting the store the couple were supposed to have taken to the woods four miles south of the village, so when a farmer who was passing saw two men in the timber, he whipped up his horses and hurried to town. Ten minutes later men were hurrying to the scene from all points and had just formed a cordon about the woods when the train came through.

Robert Bartlett, one of the constables of the village passed through Janesville this morning enroute for Beloit as a report said that the men were going in that direction.

Two youthful tramps were taken in charge by police today. When this morning's train from Appleton rolled up to the passenger depot the two lads sat on the platform of the "blind baggage." As they alighted from the train, Chief Acheson's observant eye detected something unusual about them and called them one side. In response to his questions they gave their names as Earnest Austinson and Harry Rhodes, and said they were on their way to Milwaukee.

"We haven't had anything to eat since we left Appleton," said one of the boys, so the chief took them to Holt's hotel and got them a good breakfast. Rhodes was nineteen years old and Austinson was but seventeen. They claimed to be cotton mill hands and in search of work. After eating their breakfast they left for Milwaukee on a freight train.

John Mulcare, a crazy tramp, was captured by Milton officers and brought to the county jail this morning.

MRS. BISCHOFF TO GET ALIMONY The Blind Organist Must Pay His Wife \$1000 a Year.

Janesville people will remember the trouble between Professor Bischoff, who used to live here, and his wife. Their differences have finally been settled, as is shown by the following dispatch from Washington to the Chicago papers:

By decree of court Professor John W. Bischoff, the blind organist at the Congregational church, was ordered to pay \$1,000 a year alimony to his wife, whom he married at Mount Carroll, Ill., twenty-five years ago. Professor and Mrs. Bischoff are well known in Chicago. She was the daughter of Captain Howard Vandergrift, and secured a divorce on the ground of incompatibility of temper.

FASHIONABLE FANCIES.

Evening Gowns Show More Shoulders. Crinkled Wools and Silks.

The most fashionable evening gowns now leave the entire shoulder uncovered, as was the fashion many years ago. It is a pretty style and really a more reserved one than has prevailed for some time past, since the line of décolletage is now horizontal instead of having a varying standard of height. Extra shoulder bands are often added to keep the bodice in place, so low is the setting of the sleeve, and bretelles are often employed in this way.

The stole is a feature that has received much notice since the wedding of the czar last year, and for short figures it is especially becoming, as it increases the appar-

ent height. Broad ribbons extending from neck to foot are often used to give the stole effect. These ribbons are of rich quality and more or less ornamented with galleon, guipure, jewels or beading.

Crinkled stuffs in wool and silk are the height of fashion. It is true that many of the gaufered silks closely resemble ordinary seersucker gingham, but that is not of any consequence since they cost twenty times as much.

In heavier fabrics there are the venetian cloths which came in vogue some time since. They may be found in all the new colors, especially mauves and purples, and more particularly in a shade of blue melting into a purple and rose verging on mauve. This color may be worn with mauve, rose or blue in plain tones, provided the tint chosen be exactly right.

An illustration is given of an out of door toilet. The skirt is of purple cloth, finished about the hem with very narrow black embroidery. The cape is of black satin duchess, edged with a ruche of black mousseline de soie. The front is of plaited mousseline, while a large collar of guipure covers the shoulders. Large bows of purple ribbon are placed on each shoulder, the ends of which form bretelles.

SPRING FANCIES.

Fashionable Blouse Bodices—Six Yards For a Skirt.

Any one possessing pieces of brocade in bright colors can make a smart vest for plain bodices by working up the design in pearls, jet or gold beads. Traceries may be added of gold thread. A pretty style for revers is to cut out plain cloth, velvet or satin in some approved design—a fancy work shop would do this—and to lay it over a bright color. It is delightful work and enriches a toilet to admiration. For very young girls' dress frocks have baby puff sleeves tied up with strings of pearls, beads or flowers, as the occasion and material demand. Bretelles are now continued to the knee in the skirt, the waist line being broken by upright bows.

Blouse bodices are as fashionable as ever, but are less simple than they were, being usually enhanced by ribbons, bretelles and embroidered or cut out yoke, galleon or guipure. The bodices are worn for every

AFTERNOON TOILET.

occasion and form a portion of home, street and reception toilets, those intended for formal purposes being, of course, more elaborate than the ones meant for ordinary use. While they are all more or less full in front, the back is often fitted close to the figure.

The bright tartan silks so fashionable in Paris just at present are now cut on the bias, the plaids being matched at the seams to form points.

Separate waists are worn with an entirely different skirt or with one of a deeper shade of the same color.

Fashion continues to demand that the skirt be immensely wide around the hem. Six yards is now the usual circumference, but the garment, when skillfully cut, takes less material than one would believe.

The afternoon gown of which an illustration is given is made of glace taffeta "chameleon." It has a godet skirt trimmed around the foot with a scant flounce of black lace, fastened at intervals by knots of willow green satin ribbon. The blouse bodice is of striped taffeta and has a bertha of black lace. Bretelles of green ribbon, beginning at the collar, pass down the front under the belt and fall on the skirt in long ends. The collar and cravat are of green satin. The balloon sleeves have deep cuffs with applications of black lace. Knots of green satin are at the wrist and elbow.

NAPOLEON III.'S COUNCIL

A Humorous Painting That Has Had an Amusing History.

A certain picture painted during the last years of the second French empire by the artist Schenck, has lately been bought by an American gentleman for a considerable sum. This picture was shown at the Salon. It represented simply a lot of donkeys deliberating gravely around a table covered with green cloth. It was a very clever and amusing picture, and took the public fancy. The Princess Mathilde, sister-in-law of the emperor, was pleased with it and had made arrangements to buy it, when it was noised about that the painting was intended to satirize the privy council of the emperor. This stopped the sale of it at once, either to the princess or to any other of the rich people of the time who were in sympathy with the court. After this the picture went from pillar to post, and finally brought up at a sale exhibition in Munich. Here it was seen by the empress of Austria, who was so much pleased with it that she began negotiations for its purchase. At this stage of the proceedings, however, it was whispered to the empress that the canvas represented the royal council of Bavaria. "In that case," said the empress, "I shall not buy it; I do not want any political pictures." It is not known how many more royal councils the painting of the donkeys was taken to represent; but after more than twenty-five years of vicissitudes it has come to America under the name of "Napoleon III.'s Privy Council."

THE IDEAL ARM.

Expressiveness, as Well as Beauty, an Important But Rare Feature.

"I find great difficulty in getting a model with good arms," said a well-known sculptor recently. "It is astonishing how few women there are with arms that conform to the standard. A perfect arm, measured from the wrist joint to the armpit, should be twice the length of the head. The

upper part of the arm should be large, full and well rounded. There should be a dimple at the elbow. The forearm must not be too flat, not nearly so flat as a man's, for instance.

"From a well-molded shoulder the whole arm should taper in long, graceful curves to a well-rounded wrist. It is better to have an arm that harmonizes, even if the parts do not conform to the generally accepted lines. For instance, a full, round upper arm which is joined to a flat or thin arm has a very bad effect. Perhaps it is only a little worse, however, than a graceful, well-molded forearm tacked to a thin, scrawny upper arm.

"Correctness of form is not the only thing necessary for a good arm. The owner must possess the power of expression with her arms. American women are deficient in this as a rule. Those nationalities which show the most expression in their arms are the Spanish, French and Italians. The warmest admirer of Sarah Bernhardt would not claim that she had beautiful arms, yet no one can say that the divine Sarah ever appears ungainly in consequence. Much more lies in the faculty of arm expression than is generally supposed."

MONEY MADE AT HOME.

Last month I cleared, after paying all expenses, \$235.38; the month before \$186.86 and have at the same time attended to my regular business. I believe anyone, anywhere, can do as well, as I have not a particularly good location and not much experience. When you have an article that every family wants, it is very easy selling it. It seems strange that a good, cheap dish washer was never before placed on the market. With the Perfection, which sells for \$5 you can wash and dry the dishes for a family in two minutes, without putting the hands in water. As soon as people see the washer work, they want one, and that is why so much money can be made so quickly. For full particulars address The Perfection Mfg. Co., Station O, Englewood, Ill. I feel convinced that any lady or gentleman, in any location can make \$5 to \$10 a day, as every family will very soon have a dish washer. Try it and publish your experience for the benefit of others. ALICE O.

FOR SALE
A Model Milling Plant.

The recent death of the owner makes the sale of this plant necessary. It consists of a flouring mill, packing-storage house and two elevators. The mill is 60x66 feet, four stories and basement constructed of stone, brick and frame, the frame part being iron-clad. Capacity 300 barrels per day. The storage-packing house is 30x120 feet two stories. The elevators each have a capacity of 30,000 and 50,000 bushels. A branch railway track runs between the mill and packing-storage house. This plant was ALL remodeled and made new in 1894. The business of this plant has paid the owner, up to his death, from \$8,000 to \$20,000 per year. This plant cost over \$80,000 and is the finest one in the northwest. It is run by water power and situated in Janesville, Wis., except the large elevator which is at Lake Preston, S. D. There is no encumbrance and it will be sold upon easy terms or can be exchanged for first-class real estate.

HON. MACKENZIE BOWELL, NEW PREMIER OF CANADA.

Mr. Bowell has figured prominently in Canadian politics for many years. He was born in England in 1823 and came to Canada when ten years of age. From 1864 to 1866 he served as a major in the volunteer rifles on the frontier. In private life he has held many positions of trust and he is universally regarded as one of the best of the old ministers, upright, careful, methodical and preeminently just. He is a man of ripe experience and broad views, and a tried and trusty counselor of the queen.

HON. JOHN M. THURSTON, NEXT SENATOR FROM NEBRASKA.

Hon. John M. Thurston, of Nebraska, is a Vermont by birth. He went to Omaha from Beaver Dam, Wisconsin, where he had grown to manhood, in 1869, and began the practice of law. He was elected city attorney of Omaha in 1874 and to the state legislature in 1875. While the latter is the highest public office he has ever held he has for years been noted as a politician of more than local fame and has stood high as a counselor in the republican party. Mr. Thurston will succeed Manderson, of Nebraska, next March.

WHEN NIAGARA RAN DRY.

In March, 1848, the Wonderful Torrent Actually Ceased to Flow.

Congressman Dan Lockwood of Buffalo says that within his recollection the great waterfall of Niagara was suspended, and that many people passed over its rocky places dry shod. He says that the miracle was wrought in 1848, during the month of March. To be exact, says the Boston Transcript, it was on the morning of March 28, 1848, and for several hours the wonderful torrent did cease to flow and the river ran dry. The preceding winter had been a severe one, and the ice which had formed in Lake Erie was of phenomenal thickness. Then came on March 27 a sudden exceedingly warm spell of weather, which melted the snows, and then a warm rain poured down in torrents during the entire day of March 28. The ice was loosened and a strong east wind drove it far out in the lake during the night. But at sunrise on the 29th the wind came from the west, and, as the sailors say, it was "blowing great guns." This terrific gale drove the immense mass of ice into the mouth of the Niagara river, where it was gorged and piled up from shore to shore, hermetically sealing the river from damming the waters back into the lake. Thus it happened that Niagara ran dry, its falls became bleak, barren rocks, and its mighty thunders were put to sleep. Within four or five hours tiny streams of water began to trickle through the gorge. The tremendous power back of those streams accelerated their flowing, and in a short time the ice dam gave way, and there never was such a wild, roaring, mad flood in Niagara before or since, and thus the cataract became itself again.

NOT WANTED IN THE ARMY.

How the Government Prevents Bad Characters from Enlisting.

About four years ago the war department began the practice of a system of personal records of soldiers with the purpose of providing an absolute means of identification, says a Washington correspondent of the New York Commercial Advertiser. The medical officers by the use of figure cards took careful note of every indelible or permanent mark on the persons of recruits, and these were filed away in the office of the surgeon general. Last August congress passed an act to prohibit the enlistment of men whose army service had not been honest and faithful, and immediately the data which had been previously accumulated became of great value in preventing enlistments of bad characters. At the beginning of the present calendar year some statistics were gathered to show the workings of the system, and it was found that in the first three months, of every thousand men enlisted from civil life, thirty-one were identified through the outline figure card of records as convicts, deserters or otherwise undesirable characters. The officials of the war department are now thoroughly satisfied as to the merits of the system, and as for the privates, they willingly pay the price of submitting to the examination and record in consideration of being saved from ultimate association with notorious scoundrels.

Acts for Recreation. Miss Marie Hulton, the English actress, has a wealthy husband, and acts only for recreation. He expects to buy a theater for her shortly.

Judge (to prisoner)—"Have you anything more to say?" Prisoner—"No, my lord; only I would ask you to be quick, please, as it is near the dinner hour, and if I am to go to prison I should like to get there in time for the soup."

Matrimonial Item. A.—Did you read of that fellow who was arrested in Chicago lately? B.—No. What had he done? "Why, the scoundrel had wives in no less than ten different cities."

"All I have to say is that I am surprised at the in-ten-city of that fellow's affections."—Tammany Times.

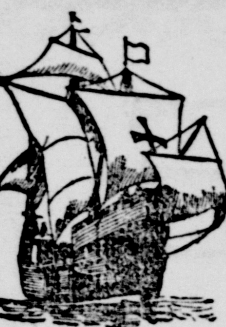

Not Mathematical, But Correct. "Suppose, now," said the teacher, "I should give you two boys an apple and tell you to cut it in two, how much would you get, Tommy?" "None," replied the youth, "lessen you heft Jim till I eat it up!"—Atlanta Constitution.

THE DISCOVERY OF AMERICA

by Columbus brought enlightenment to the world. New fields of enlightenment in this century are in the lines of science. The triumph of Conservative Surgery is well illustrated by the fact that RUPTURE is now radically cured without the knife and without pain. Clumsy, chafing trusses never cure but often induce inflammation, strangulation and death. TUMORS, Ovarian, Fibroid (Uterine) and many others, are now removed without the perils of cutting operations. PILE TUMORS, however large, Fistula lower bowel, are permanently cured without pain or resort to the knife. STONE in the Bladder, no matter how large, is crushed, pulverized, washed out and perfectly removed without cutting. STRICTURE of Urinary Passage is also removed without cutting in hundreds of cases. DR. P. H. SHARP

The Most Successful Specialist in All
Nervous, Private and Chronic
Diseases of Men and
Women.

Dr. Sharp has for 20 years made a Special Study and Practice of these Maladies which have proved such stumbling blocks to the medical profession. More failures are recorded in these three lines of practice than in all the 1000 remaining diseases to which the human race is subject.

The doctor's success is phenomenal in his chosen field.

He Absolutely Cures 98
per cent of the cases he accepts
for treatment.

This high percentage is in part due to his rejection of all incurable ones. So there are no experiments and but few failures.

YOUNG MEN troubled with results of younger indiscretions can be safely and surely cured. I know it.

MIDDLE-AGED MEN can have a new lease of vitality.

OLD MEN can take a new hold on life and its joys.

WOMEN can find not only relief but positive cure for their many annoying and dangerous ailments. Leucorrhea, Painful Menstruation Delayed or Obstructed Menstrual Periods, Headaches, Ovarian Inflammation, Etc.
